## Agenda

11:30	<b>Registration</b> (with tea, coffee and biscuits). You have the option of ordering and buying your lunch which then can be served in the meeting room.
12:00	<b>Welcome, News and Interactive Discussion – let's talk about:</b> <ul style="list-style-type: none"><li>• The latest in Delphi, .NET, mobile development etc.</li><li>• Programming problems, solutions, questions</li><li>• The latest technical discoveries</li><li>• Tools – good and bad</li><li>• Future talk/speaker topics</li><li>• And anything else relevant to the group</li></ul>
1:00	<b>Nugget: Rare boundary condition met in ICS emailing component – Mark Jacobs</b> <ul style="list-style-type: none"><li>• Mark will show an example email that goes wrong, change a single word in the email and show it goes fine, then revert the email, change my code to incorporate the workaround and show it sending it fine. I will then show why it went wrong, and why, therefore, this rare boundary condition may affect other email components too.</li></ul>
1:45	Brief break for tea / coffee
2:00	<b>XL Session: Follow up – Guide to Azure – Pete Sykes</b> <ul style="list-style-type: none"><li>• During his last session Pete covered some of the core functionality of Windows Azure such as web roles, worker roles, queues, tables, blob containers and so on. During this session he will expand on what we learnt last time and show how easy it is to use Azure to build a highly scalable, end-to-end application.</li></ul>
3:30	Brief break for tea / coffee
3:45	<b>Survey Results – users feedback – Jason Chapman</b> <ul style="list-style-type: none"><li>• A brief discussion on the results of the surveys that we have asked members to fill out.</li></ul>
4:00	<b>Continued Session: Guide to Azure</b>
5:00	Finish & beer in the bar
